

718682		WOOD WASTE, UNPAINTED* Clean, unpainted wood. Nails and fittings may occur. The material must be clean of concrete spillage, plaster and insulation material.	TRÄAVFALL OBEHANDLAT ✔ Pure wood, which has not been treated
718681		WOOD WASTE, TREATED* All types of painted, varnished and treated wood. Nails and fittings may occur. Concrete spillage, plaster and insulating material must not occur.	TRÄAVFALL BEHANDLAT ✔ Painted or treated wood, Chipboards
215769		GYPSUM* Clean plasterboard covered with cardboard. All types of demolition debris with fittings, studs and tiles must instead be sorted as Gypsum, unclean.	GIPS ✔ Gypsum boards
737001		MIXED PLASTIC, UNSORTED* All existing plastic, clean and without contamination, can be mixed for further handling.	PLAST BLANDAD, OSORTERAD ✔ EPS, Cellular plastic, Plastic pipes, Composite plastic products that are impossible to separate in any way e.g. Reinforced plastic
737022		LDPE SHRINK WRAP COLOURED* Transparent transport film, shrink film and stretch film; only made of soft polyethylene (LDPE) and marked with triangle arrows with "4" inside.	LDPE FILM FÄRGAD ✔ Shrink film and stretch film, transport film
335160		MIXED METAL SCRAP* Steel scrap, mixed, not shredded, unsorted. The most common metal fraction. It contains iron, other metals and waste.	BLANDSKROT ✔ Ventilation pipes, Steel joists, Sheet strips, Sheet and cast iron tubs, tools, furniture with steel frames.
753400		FLAT GLASS* Window glass, flat glass panels, also tempered or laminated glass. Clean without contaminants.	PLANGLAS ✔ Window glass, Flat glass panels, Tempered and Laminated glass.
753402		FLAT GLASS IN FRAME* Windows/doors made of flat glass in a frame, may contain blinds and fittings. The flat glass must be intact and secured on a pallet before collection.	PLANGLAS I RAM ✔ Windows / Doors made of flat glass in a frame (e.g. wooden, plastic and aluminium frames) ❌ DO NOT INCLUDE: Laminated glass, ceramic glass, mirror glass, fire glass or leaded glass.
215772		MINERAL SOILS Clean masses <600mm. For example Stone, Brick, Concrete, Demolition concrete, Blue lightweight concrete, Soil & excavated materials.	MINERALISKA MASSOR ✔ Pure concrete (without joints or reinforcement), Gravel, Tiles, Plaster
215704		MINERAL WOOL The material relates to clean inorganic insulation of low density, e.g. mineral wool, fibreglass wool, stonewool, etc.	MINERALULL ✔ Clean Mineral wool, Glass wool, Stonewool
726700		CORRUGATED BOARD Corrugated fibreboard (OCC), Cardboard boxes with or without print, paper with a wavy interlayer. Consist of minimum 90% OCC and maximum 10% other paper.	WELLPAPP ✔ Corrugated Packaging, Corrugated Cardboard, Boxes, Packaging, Rolls, Sheets, Packaging
718585		EPAL-PALLET (1200X800MM)* The material includes all unpainted wooden pallets in EUR format 1200x800mm. Disposable pallets and broken pallets are also included.	LASTPALL HELPALL/EUR PALL (1200X800MM) ✔ EPAL-pallets, Construction pallets, Disposable pallets in full format
701907		COMBUSTIBLE WASTE - SMALL* Small composite materials and small solid objects. Composite materials that fall short of: Solid objects that fall short of: 	BRÄNNBART AVFALL, FINT ✔ Small composite/combined combustible materials that are impossible to separate (<i>Measurements may differ depending on the local incineration plant</i>) ❌ DO NOT INCLUDE: Hazardous or dusty waste
701908		COMBUSTIBLE WASTE - LARGE* Large composite materials and large solid objects. Composite materials exceeding: Solid objects exceeding: 	BRÄNNBART AVFALL, GROVT ✔ Large composite / combined combustible materials that are impossible to separate ❌ DO NOT INCLUDE: Hazardous waste
809200		LANDFILL MATERIAL The material refers to mixtures or composite materials that cannot be recycled or used in fuel production.	DEPONI, UTSORTERAT ✔ Composite non-combustible materials that are impossible to separate
312310		ELECTRONIC WASTE / WEEE* The material refers to products powered by electricity, batteries or solar cells.	ELAVFALL ✔ Fixtures, Hand tools, Small appliances
FA		HAZARDOUS WASTE* Material is stored in a safe way e.g. special environmental cabinet adapted for Hazardous Waste. For reporting to the Swedish Environmental Protection Agency (Naturvårdsverket).	FARLIGT AVFALL ✔ Hazardous Waste
